

Recommended Electoral Region and District Plan

Per MTA Bylaws, the Electoral Review Committee (ERC) reviews the Electoral Region and District Plan every three years and recommends a plan to the Annual Meeting which complies with MTA Bylaws and NEA standards. Upon approval of a majority of delegates present and voting at the Annual Meeting, the plan will be implemented on July 1, 2025.

ERC's review of the June 2024 membership figures showed that the existing Electoral District and Region plan DOES MEET the mathematical compliance according to NEA affiliation standards and the "one person, one vote principle."

In accordance with the Bylaws, notice was provided to Local Presidents and Board members for two separate opportunities to give input, once prior to initial review of the plan and then prior to finalizing the proposed plan. The proposed plan was shared with Local Presidents and Board members as part of the outreach and invitation to provide input before finalizing ERC's recommendation. The recommended plan was then presented to the Board of Directors at its March 2025 meeting.

COMPLIANCE:

The Bylaws require that the electoral districts shall be drawn based on a ratio of 1:1900 or major fraction thereof. This means the acceptable range for district size is 951 – 2850 members.

In order to be in compliance with the one-person, one vote principle, as required by NEA, the smallest districts making up a bare majority of the District Board Seats must represent at least 45.1% of the total membership. The current and recommended plan achieves this compliance.

The current and recommended plan achieves this compliance. In its review of the current compliant plan, the committee has voted **to recommend no changes** to the current plan which follows.

ONE PERSON, ONE VOTE:

"Each affiliate shall apply the one person one vote principle for representation on its governing bodies. . ."

- NEA Bylaw 8 7(a) and 8 11(a)

NEA STANDARDS:

One person, one vote, or equal population voting, generally means that the vote of each member of the affiliate has the same weight as the vote of any other member. The association shall apply the one person one vote principle for representation on each of its several governing bodies. "Elected governing body" is any association elected body participating in the determination of general and significant policies and in the exercise of discretion in implementing such policies.

ELECTORAL PERCENTAGE TEST

Ascertaining Conformity to One Person One Vote

The electoral percentage is a calculation to determine whether the smallest voting membership units (the smallest MTA Electoral Districts) representing 50.1% of the members are represented by a bare majority (50.1%) of the governing body (MTA Board, District Director seats).

First, compute a bare majority as a percentage of the governing body using one half of the governing body (district seats) plus one. Then determine how many members each District Director represents; this is the voting district size. If the district is represented by more than one representative, divide the members of that district by the number of representatives to determine the number of members each one represents. The next step is to list all the representatives and number of members represented in order from the smallest to the largest by voting district size. Find the sum of the smallest constituencies (MTA Electoral Districts) electing the bare majority (of District Board seats) and determine what percentage that represents of the total membership. To meet the test, the resulting percentage should not deviate more than 5% from the bare majority, it must therefore fall between 45.1% and 55.1%.
